May, 2011

Dear 8th Grade Parents/Guardians:

We would like to welcome you to Templeton High School! Today your student received a course description booklet and a personalized registration form for the 2011-2012 school year. On Monday, May 16th, 8th graders will visit THS for registration information and a tour of our campus. That evening you are invited to attend our Parent Information/Registration Night at 6:30 p.m. in the Templeton High School Gym. Attendance is optional as we know some of you may have already had a student attend THS, and are familiar with the information that will be shared. If you choose not to attend, or you’re unable to come, your student must return their registration form to their English teacher or to the Templeton Middle School’s main office no later than Friday, May 20th.

Parent Information/Registration Night will give you a thorough explanation of course prerequisites, suggested college prep schedules, vocational electives, and an overview of our athletic and other extra-curricular programs. The colored registration form your student received today has been partially filled out. English, math, social studies and science placement was determined for your student based on test scores and teacher recommendations. Bring your student’s registration form and the course description booklet with you on May 16th. 9th grade teachers will be available to speak to you about course requirements and provide information to help ensure your child is appropriately placed in high school courses. At the conclusion of the evening we encourage you to complete the elective section of the registration form and to turn it in.

We look forward to working with you and your student throughout his/her high school career. See you at 6:30 p.m. on May 16th in the THS Gym. DON’T FORGET TO BRING THE REGISTRATION FORM and COURSE DESCRIPTION BOOKLET. Thank you.

Sincerely,

Templeton High School Counselors
